Tested to be Trusted.

We think honesty is an important ingredient.

Third-party experts test all supplements sold at CVS® to verify ingredients.*

To learn more go to CVS.com/Trusted

*A product sample is tested by an independent third party for certain contaminants and, whenever possible, the identity and potency of dietary ingredients. The vitamin or supplement needs to contain the dietary ingredients and the amount per serving listed in the center of the Supplement Facts panel. Excludes pet supplements, products only sold at licensed locations, and other products that may be dispensed by the pharmacy. Tests performed at a network of the vitamins or ingredients. At a minimum, we conduct testing that subsequent lot would cause these tests. Our suppliers are required to manufacture products in facilities that are registered with the FDA, and we request our suppliers to follow good manufacturing practices. See cvs.com/trusted
